

Spring and spring cleaning time arrive

Spring is such an encouraging time, when trees that have looked dead start sprouting. Grass that was so beige begins to put on a verdant hue.

And, we begin to hear lawn mowers and edgers buzzing by. Ah, yes, spring is an encouraging time of the year. In this issue, we have the updated lawn and maintenance schedule on Page 4.

The entrance to our neighborhood has been blooming and will be putting on more color as the season deepens. Remember to have your pest control folks check things out and get the air conditioner in tip-top shape.

At right, Eddie Brown, our lawn service owner, takes a break in the shade of a dogwood tree.

Drainage ditch cleaning is homeowner's obligation

Drainage ditches behind our lots are on land that belongs to the individual homeowner.

Cleaning and maintenance of the ditch is the homeowner's obligation.

Last year, we urged those on Hillcrest Crossing East to check the ditch behind their fences to make sure it wasn't clogged with leaves and debris. Recently, there have been some areas

of the ditch on Hillcrest Crossing West that have filled with leaves, limbs and other debris.

These areas must be cleaned to assure that wa-

ter from our spring and summer rains will exit quickly and not back up into neighbors' properties.

Also, caution your yard workers to not discard anything over the fence into the drainage ditch. Because some properties do not have gates in the fences, workers are not aware that there is a ditch behind the fence.

Please help us in every way possible to keep the ditches clean.

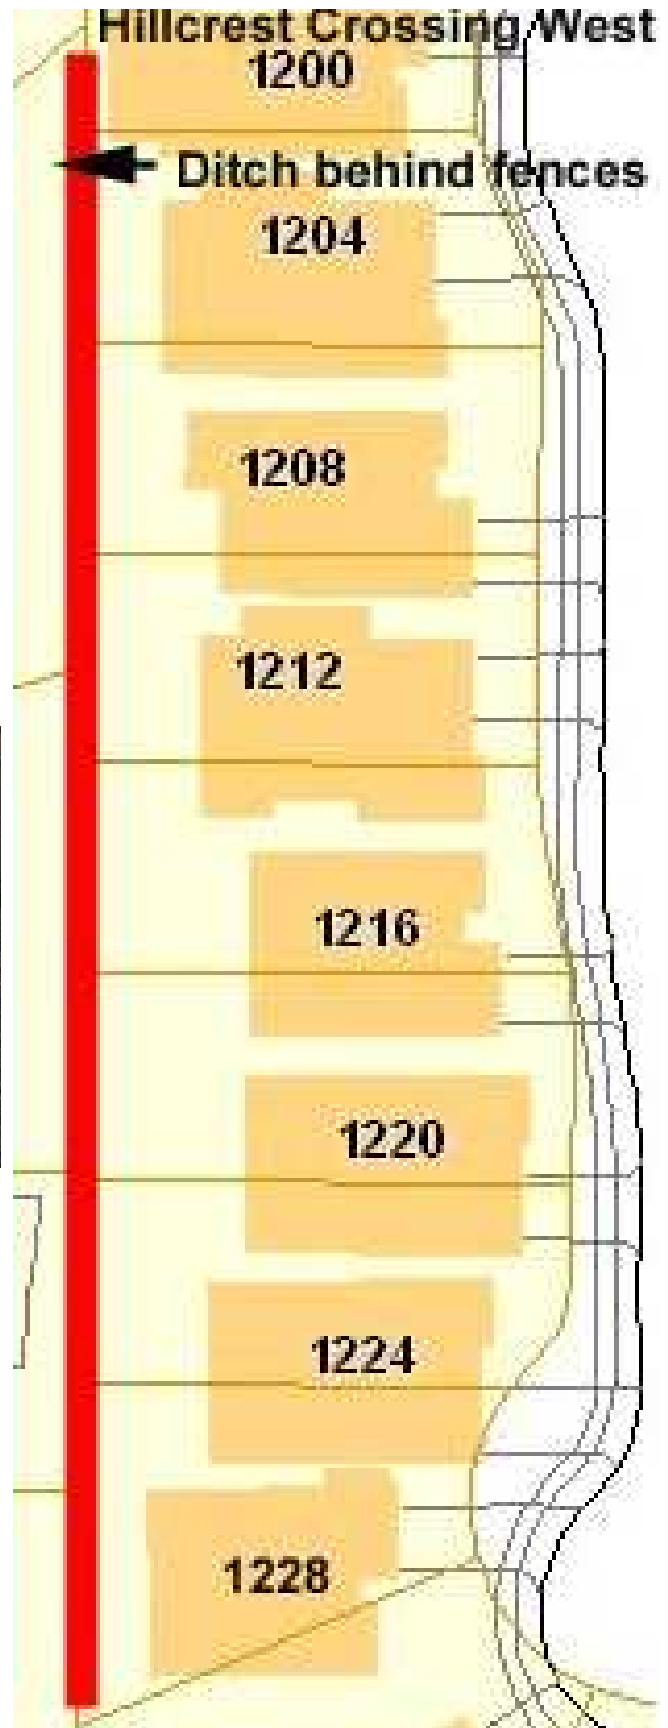

This map shows the area that is in need of clearing and brush removal.

Happy spring.

Thank you for all you do to keep our neighborhood attractive.

Drain areas located behind 1224 and 1228 are clogged with leaves and sand. Some shrubs and other growth also need to be cut back.

A little taste of Holland without the canals and harsh winter

IN MEMORIAM: Brian Patrick Walker, 70, who lived at 1212 Hillcrest Crossing West, died Feb. 27. He was the founder of Southern Tires, Inc., and Jackson Landfill, in Jackson, Ala.

His family requests that memorial donations be made to St. Jude Children's Research Hospital, 501 St. Jude Place, Memphis, TN 38105.

Looking pretty spiffy

BELOW, those arriving can grab a glimpse of the azaleas beginning to bloom.

A new front lawn

Workers get started early in the day to re-sod the front lawn at 6449 Hillcrest Crossing South.

Cold winter, plentiful rain and a healthy oak tree made it hard for the original grass to thrive.

If your lawn seems to be in distress, most authorities will advise having your soil tested so that proper fertilizer will be obtained for your lawn soil.

Certain types of grass will thrive better in shade or in sunlight. Whatever the type of grass, watering in this area of the country can prove to be a lawn saver.
