

Lightning-ravaged sprinkler system repaired

Recently, lightning struck the control box of our irrigation system at the entrance of the neighborhood. The strike ran the water line and burst it, as well as the control box and a couple of switches along the way.

The board is happy to report that the system has been repaired in a timely fashion, just when our afternoon rain showers backed away.

Thank you all for your patience, especially our neighborhood walkers, during repair time.

At this time, the system will be watering some each day to test and to help grass and beds catch up from the

WELCOME — Our irrigation system has had its share of “shocking problems,” but Charles and Darlene Snyder have kept our entrance sending out a welcome message.

Getting ready for the fall and winter includes ditches

As the fall season approaches, trees will be dropping leaves everywhere, including behind our fences and into ditches.

Please make sure that debris and leaves are not

collecting in the portion of ditch that is on your property. Please look behind your fence.

Some have trees that reach across backyard fences. Trimming these limbs back will help keep

leaves out of the ditches.

If you have other needs, as you prepare to set aside most of the outdoors work for the fall and winter, remember that Eddie Brown and his crew

is willing to take on other tasks on a per-job basis. The contact number for his service is 463-0269.

We depend upon each other to keep our property and neighborhood values as high as possible.

Ditches get filled with debris and leaves, which cause them to overflow.

dry conditions. Soon, the watering schedule will be cut back, with fall just around the corner.

To get our lawns ready for fall and winter, True Value Hardware folks advise us to

Rake: Raking removes

mold and other diseases.

Weed: Until the first major frost.

Reseed: Repair bare patches with new seed.

Fertilize: Keep your lawn healthy with fertilizer. Choose a fertilizer consistent with your grass type and do not over-fertilize.

For those who need to spruce up gaslights and posts this fall, Charles Snyder has offered to help. His offer is:

You buy the paint and he will do the painting. 634-9830

Welcome New Neighbor

Welcome our new neighbor, Mr. Oliver Ward, who has moved into 6449 S.

Mr. Ward has moved to Mobile from California and has family in Mobile.

Thanks to a helpful neighbor

Our kind neighbor, former HCHA treasurer and friend, Pat Jones, at 1112 W., told me last week that she had a little accident. She backed her car into her mailbox. She didn't have time to stop and fix it, but when she returned from her errands, it was "anonymously" repaired.

Pat, and we, say: "Thanks neighbor."
